GREENBELT, MARYLAND

Thursday, August 6, 1964

Labor Day Weekend

Greenbelt is going to have an exciting Labor Day Festival this year. It will be a wonderful opportunity for Greenbelters and their friends to have fun and to learn a lot about Greenbelt at the same time.

The Festival will be held over the Labor Day Weekend - September 5, 6, 7, from 2 to 10 p.m. on Saturday and Sunday and from 10 a.m. to 10 p.m. on Monday. Activities will take place in the Municipal Building, the Library, the Youth Center, Braden Field, the Swimming Pool and the parking lot between the Municipal Building and the Pool.

The Festival will feature the dedication of Greenbelt's new Municipal Building, a Parade, Folk Song Festival, Majorette Contest, Art Festival, Judged Queen Contest, Swimming Festival, Pony Rides, Public Speaking Contest, Film Festival, 9-mile Race, Choir Festival, Golf Chipping Contest, Art Lectures, a Midway with Carnival Rides and Games, Band Concert, Poetry Hour, Political Speeches, Good Food, Watermelon Splash Party, Dancing, Tennis Contest, Softball Tournament, Horseshoe Contest, Book Reviews.

The Festival will be non-profit (so groups formerly receiving contributions from the profit will not this year. Organizations wishing to raise funds will have to participate more fully. The sponsoring organizations will take any risk involved (that is, all billing will be to the organizations, not to the Festival Committee). Organizations will handle all their own income, take their expenses from it, and pass on a small portion of any profits to the Festival Committee to cover overhead expenses.

Interview With Lastner

In an interview with the News Review, county commissioner Frank Lastner stated that there is absolutely no truth to the rumor that he is moving out of Greenbelt. His resignation from the GHI board, he said, was due to increasing demands of county business on his time which made it advisable for him to cut down his other activities.

Lastner said that he has had, and will always have, the interests of Greenbelt at heart. He emphasized that he is unalterably opposed to four-lane highways in Greenbelt. His reason for not attending the master plan public hearing at the Center School on July 21 was because he felt that as a county commissioner it was not appropriate for him to attend a MNCPPC meeting which would discuss matters that would come before the commissioners at a latter date, he explained.

Lastner said he knew of no reason why a planned city like Greenbelt should have to be affected by developments that occur outside the city's boundaries. He indicated that his actions as county commissioner will be in accord with this goal.

Invitation to Bid On Insurance

The City of Greenbelt, Maryland will receive bids on General Comprehensive Liability, Automobile Fleet Policy Comprehensive Liability, Comprehensive Automobile, Collision Insurance, Workmen's Compensation at the City Offices, 25 Crescent Road, Greenbelt Maryland, until 8:00 P.M. on August 24, 1964. Bids will be publicly opened at the Regular Meeting of City Council on the afore-mentioned date.

New Police Officers

David M. Brunk comes to the Greenbelt Police Department from a supervisory position at Boys Village of Maryland, a rehabilitation center for juveniles at Cheltenham. Brunk is 28 years old. He was born in Ottumwa, Iowa where he attended the public schools. He served in the Air Force from 1953 to 1961, and attended Columbia Union College in Takoma Park, Maryland from 1961 to 1963, working on a Bachelors degree. Brunk is married and has one son.

Ralph Lee Bennett graduated from East Bank High School near Pratt, West Virginia in 1960. Only 21, Ralph has wanted to be a police officer for many years. His hobbies include karate, judo, and pistol shooting. Mr. Bennett likes this area of Maryland and hopes to move into Greenbelt as soon as he can find living quarters.

The employment of Officers Brunk and Bennett fill two of the four new positions created in the Police Department by the City Council in the recently adopted budget. The City is still taking applications for the other two positions. Persons interested in applying should contact Chief Lane.

Prince Georges County Grows At A Fast Rate

Suburban Maryland now has almost 900,000 people. According to Bulletin #8 of the Maryland-National Capital Park and Planning Commission, Montgomery County has a population of about 415,000 as of July 1, 1964 and Prince Georges County a population of about 475,000.

The figures in this bulletin show that Prince Georges is growing at the rate of nearly 33,000 a year while Montgomery is increasing at the rate of approximately 16,000 a year. Only four years ago according to the U. S. Census, Prince Georges population was 357,395 as compared with 340,928 for Montgomery on the same date.

Also listed in this bulletin is a breakdown of population and housing units by election districts and census tracts as well as for municipalities and unincorporated areas in both counties.

Copies of this bulletin are available without charge at the Commission's offices in Silver Spring and Riverdale.

Kelly Joins Local Law Firm

Attorney John F. Kelly of Carrollton has joined the law firm of Smith and Yslas with offices at 111 Centerway.

Kelly is a native of Pawtucket, Rhode Island, and has lived in the Maryland area for the past ten years.

He graduated from Providence College in Rhode Island and received his Law Degree from Georgetown University in the District of Columbia.

Kelly lives with his wife, Claire, and his two children, Karen Ann and John Jr. in Carrollton. Before joining Smith and Yslas, he was employed by Allstate Insurance for about five years.

Recreation Review

by Richard Stevenson
Director of Recreation

Babe Ruth State Playoffs

Greenbelt's entry in the State Championship Playoffs held last week at Frederick, Maryland, started off with a bang as they defeated the Calvert County All-Stars 6-3. Mike Jones pitched a fine 7 hitter to hold Calvert County intact. Charles Figlia and Tom Meadows, with two hits apiece, led the Greenbelt attack. In their second game, Greenbelt was eliminated as Bel Air pounded out 12 hits and capitalized on 7 Greenbelt errors to move into the finals with a 15-4 win. Brunswick defeated Bel Air 5-3 to win the State title and represent the State of Maryland in the Middle Atlantic Regional Playoffs held next week at Bridgeton, New Jersey.

Boys' Club Baseball

This Friday, the 16 and under Boys' Club Baseball Team will play host to the Carrollton team at Braden Field at 6 p.m. Mr. Nuzzo's boys have played well all season. For a fine game, don't miss this one.

Softball Tournament

Next week on the Softball Field, Greenbelt will be the host of the Washington Metro Amateur Softball Association Tournament. This is a sixteen team, double elimination tournament. This also features league winners of Greenbelt, Prince Georges County, Montgomery County, Arlington, Alexandria, N.A.S.A. and Washington. The caliber of play will be of the highest level, with the tourney winner going to Springfield, Ohio for the National Championship.

Square Dancing

All adults who like to square dance or are "callers", are invited to the Youth Center Thursday, August 13 at 8 p.m. This is a new program and we need your help to get it rolling, so come on down.

Water Carnival

With plans for the Water Carnival well under way, from time to time we will be needing some help from the citizens of Greenbelt. At the present time, we need old white sheets. If you have any that are of no use to you, please bring them down to the Cashier at the Swimming Pool.

Teen News

Splash Parties are being held at the Swimming Pool every Friday night at 9 p.m. There will be a Band Dance at the Youth Center August 8 at 8 p.m. Dress for the evening will be school clothes - no tennis shoes.

Playgrounds

There is only one more week left for the Summer Playgrounds. Many of you are the proud possessors of pot holders, wrapped coat hangers, plastic molds and various other lovely creations from the Arts and Crafts sessions. Many of the children's projects were on display in the Twin Pines window last week. Playgrounds are at North End School and the Youth Center from 9 - 12 noon and 1 - 4 p.m. Monday thru Friday. This Friday, after lunch, the North End Playground will feature the Martians vs Moonmen.

Pony Tail Standings

The girls on the Pony Tail League are in their last week of play. Final game of the season will be at 10 a.m. August 12. Team standings are:

	W	L
Chargers	8	2
Broncos	5	4
Fillies	5	5
Mustangs	4	5
Colts	2	7
Hats Off		

Our many, many thanks to Jim Cassels for letting the playground children display their creations at Twin Pines.

MNCPPC and Greenbelt Disagree On Zoning Near DuVal High School

The Maryland National Capital Park and Planning Commission has recommended approval by the county commissioners of its Staff's recommendations for zoning of seven tracts of land east and northeast of DuVal High School. The recommendations call for 64.56 acres to be zoned I-1 (light industry) with protective covenants to run with the land; 59 acres for R-18 (medium density apartments); and 20 acres for high-rise apartments. Remaining acreage was set aside for schools. The land is presently zoned rural residential.

At the hearing before the MNCPPC on July 29, Mayor Pro Tem David Champion and city manager Jim Giese entered vigorous arguments against the industrial and apartment zoning petitions. (see manager's statement on page 4). They contended that the zoning applications endangered the lower density area between Cipriano Road and DuVal High School.

After hearing of the decision, Champion stated that the action is another example of the Commission recommending approval of zoning petitions before the drawing up of an approved Master Plan for the Greenbelt area. Such changes are then used as a justification for making changes in the Master Plan. In effect, Champion said, the Master Plan instead of being a guide for zoning decisions is merely used to justify previous piecemeal actions.

Chairman William Stevens of the Commission indicated to the Greenbelt representatives that he wanted to meet with the city officials in September to review Master Plan 13. He said that he did not believe the Commission and Greenbelt were far apart, but implied that the Smith-Ewing properties would not be subject to discussion, since the Commission has already taken a stand on these zoning petitions.

The zoning petitions are scheduled to be taken up by the County Commissioners sitting as the District Council of Prince Georges County, on Friday, August 21 at 10 a.m. at Upper Marlboro Court House. Also scheduled to come up at that time is the Smith-Ewing petitions for rezoning the 300 acres (within Greenbelt city limits) immediately east of the Washington-Baltimore Parkway for high-rise apartments and town houses. The county commissioners had postponed the hearings on these petitions originally scheduled for May 20 on the grounds that such zoning decisions should be deferred until after adoption of the Greenbelt-College Park Master Plan.

City Notes

by Ronald M. Dick
City Adm. Aide

Representatives of the city council and the State Roads Commission have held several meetings in an attempt to reach agreement on the sale of the city warehouse 7.5 acre site. The State Roads Commission is determined to have the site and there are indications that it might be ready to offer as much as \$150,000. Its original offer was \$90,000. The city council, however, considers the property is worth much more as an industrial site sitting at the juncture of an interchange.

Mosquito Control

In 1958 the city entered into the joint state-county-city mosquito control program. The program, established in accordance with the State Mosquito Control Budget Law, is operated by the Maryland State Board of Agriculture through the office of the State Entomologist. In order to participate in the program each municipality contributes a share of one-half of the cost of operations within its corporate limits. Malathion, the spray being used, is a material that is commonly used by the U. S. Public Health Service in many pest control activities, including mosquito control. Because of its low toxicity to warm blooded animals and the fact that it is recommended by the U. S. Public Health Service, the Maryland State Board of Agriculture is using it in cooperation with the city and the county for mosquito control. The spray truck, operated by the State Board of Agriculture, visits Greenbelt on

City Files Suit to Protest Runoff From Boxwood Vil.

The city of Greenbelt, on direction of city council, has filed suit in circuit court to get an injunction against Ivy Homes, Inc. and Boxwood Village, Inc. At issue is the rain water runoff from the latter properties onto Empire Place in the Lakewood development. One of the developers being sued is Charles Bresler who has been repeatedly asked by the city to rectify the situation.

Boxwood Village is located on ground higher than Empire Place, a cul-de-sac maintained by the city. The suit says that in 1963 the developers "rough-graded" the land and removed trees, shrubs, and grass, "whereby exposing the bare soil." Since then, the suit contends, rain water runs off the Boxwood Village properties into Empire place and then 800 feet into a drainage sewer.

"The washing of water, mud, sand, silt and clay after each rainfall necessitates a repeated expenditure by the city for removal," the suit says.

Judge Ralph W. Powers gave the defendants until August 17 to show cause why he should not issue an injunction requiring them to stop the runoff.

alternate Fridays. The last visit was on July 24, and the spray truck will again be in Greenbelt on Friday, August 7. The program, which began in mid-June, will continue until mid-September.

Refuse Collection

During the past several weeks some residents missed having their regular refuse picked up on schedule. The missed pick-ups occurred primarily because of some new employees who have not familiarized themselves with all of the collection stops. We hope that there will not be many missed pick-ups in the future.

Swiss Visit Greenbelt

On tour in the U. S., a group of 70 members of the Consumer Cooperative Federation from Switzerland visited Greenbelt last week.

Through the auspices of the Maryland National Capital Park and Planning Commission, a dogwood tree was planted in Greenbelt city park to commemorate the event.

After a dinner provided by the Ladies Auxiliary of the Greenbelt Fire and Rescue Squad, the evening was given over to several hours of gay folk dancing at the Youth Center.

V. A. Aid Extended

Children of living veterans who are totally and permanently disabled from service-connected causes, may now participate in the War Orphans Education Assistance program administered by the Veterans Administration.

This extension of the program to children other than those of deceased service-connected veterans was signed into law July 7 by President Johnson.

Thousands of children throughout the nation are expected to be affected by the new law, according to C. W. Henry, Manager of the Veterans Benefits Office 1717 Massachusetts Ave., N. W., Washington, D. C.

Henry said the law now extends the program to children of veterans of the Spanish-American War, World War I, World War II, the Korean Conflict and the peacetime service who have been permanently and totally disabled by illness or injury attributable either to their wartime service or, in the case of peacetime veterans, to disabilities received in line of duty.

The law provides for benefits up to \$110 a month for full time enrollment and proportionately lower for part time study for eligible children attending college or pursuing non-college courses leading to gainful employment. Courses on the high school level are not allowed, Henry said.

The dates during which the enabling illness or disability must have occurred are as follows:

Spanish-American War - April 21, 1898 through July 4, 1902.

World War I - April 6, 1917 through November 11, 1918. (Those who later served in Russia have until April 1, 1920.)

World War II - December 7, 1941, through December 31, 1946.

Korean Conflict - July 27, 1950, through January 31, 1955.

Induction period (peacetime service) - September 16, 1940, until the termination of the Universal Military Service and Training Act.

UNIFORM LIBRARY HOURS

Hours of all community branch libraries serving the northern part of Prince George's County will be 43 per week, effective August 1, according to an announcement from the county library.

The branches included are: College Park, Greenbelt, Hyattsville, Mt. Rainier, and Laurel. All are similar in size and should have the same hours, according to Mrs. John J. Dunn, president of the board of trustees of Prince George's County Memorial Library.

Joan Baez at Shady Grove

Folk singer Joan Baez will give a one night only concert at Shady Grove Music Fair on Monday, Aug. 10., at 8:30 p.m. For ticket information call 948-3400.

Golden Agers

Members are signifying their preferences for vacation bus trips by signing a petition at Club meetings. The committee must know how many members desire to attend in order that lodging and meals can be arranged.

Mrs. Katie Barili won the cash donation offered by the Kay Dee Furniture Co. Mrs. Tallman donated all her winnings from the bingo games to the Club.

Rev. and Mrs. Robert Huil celebrated their 31st wedding anniversary recently. They were married June, 1903 at Point Chautauqua, New York. To their credit they have reared three sons and two daughters and now have fourteen grandchildren as well as 22 great-grandchildren.

Rev. E. A. Moores and wife were married in 1910 at Galveston, Texas when he had been in the ministry for six years. He served as a pastor at different churches in Texas. His wife, at the time of their marriage, was a school teacher. They have three daughters and one son and eight grandchildren. For over half a century these two ministers have been giving their talents, time and efforts to the betterment of mankind.

The bus transported 25 members to the Club meeting of July 15. The attendance at that meeting was 49 members.

Forty-eight members were present at the last regular meeting. Mrs. Vorce is spending the balance of the summer in International Falls, Minn. visiting her sister.

Mrs. Tomlinson of Canada, daughter of Mr. and Mrs. Herbert Hall, and Mr. Pyne of 47-D Ridge were visitors recently. We were proud to have their presence.

Note how long we live -

Joseph C. Seward and wife were married on August 2, 1901 at Ludington, Michigan. Mr. Seward was in the first Ohio Cavalry in the Spanish-American War.

Bernard Wesley and wife were married in July, 1908 at Washington, D. C. He is retired from Fort Meade, Maryland; he served as a blacksmith for 50 years.

Rev. C. R. Strausburg and wife were married 58 years ago at Wilmington, Delaware. The reverend was ordained as a minister in 1900.

Mr. and Mrs. Herbert Hall were married in England 68 years ago.

The committee on the Rod and Reel trip gave a unanimous report which the Club approved providing September 15th as the date of the trip. All members who have not signed for the trip please do so soon as arrangements must be made for transportation and the menu. The expenses of the trip and dinner are being paid from the funds of the treasury. This is an annual affair and we hope all of our 135 members will attend.

Let's Speak French

During the 1964-65 school year, approximately 23,000 pupils in 115 elementary schools in Prince Georges County will study French. Each week pupils in grades 4, 5, and 6 view two fifteen-minute films of the PARLONS FRANCAIS (Let's Speak French) series via television, broadcast from WETA, Educational Channel 26. On alternate days, a specialist in French visits the classroom to do a twenty-minute lesson following up the television broadcast.

At present, plans are in progress which may permit pupils who demonstrate ability to profit from continued foreign language study, and who are reading at grade level in English, to elect to continue the study of French in grade seven.

Dr. Crowder at Conference

Green Lake, Wisconsin — Dr. William J. Crowder of 4 Woodland is one of 398 men attending the 21st Annual Conference of American Baptist Men, July 18 - 25, at the American Baptist Assembly, Green Lake, Wisconsin.

Honorable Harold E. Stassen, returning from the Republican Party national convention in San Francisco and former governor of Minnesota, will address the men's group on Wednesday. He served during the past year as president of the one and one-half million member American Baptist Convention.

Pupils Urged to Register

The Board of Education of Prince Georges County urges all pupils who are new to the County and who will be attending either a junior or senior high school to go to the school, prior to the opening day, on any week day to register, to arrange their schedules, and to receive their room assignments.

All children who have moved into Prince Georges County and who have not registered should do so without fail on Friday, September 4, between 9 a.m. and 3:30 p.m., and such registrations may occur at all schools, both elementary and secondary.

The opening day of school is Tuesday, September 8.

Vacation Church School

Vacation Church School and Summer Seminar at the Methodist Church will run from August 17-28.

Classes for pre-school children will be held from 9 - 11:30 a.m. Theme for these classes will be 'Jesus The Teacher'. First through sixth grades will meet from 1-3:30 p.m. Theme will be 'Jesus Showed God's Love'.

The Summer Seminar will be held from 7:30 - 9 p.m. from Aug. 17 - 21. This will be a comparative analysis of Jesus and his youth with the youth of today. The School and Seminar will close with displays and a program followed by refreshments, Friday, Aug. 28, 7 p.m. All children and youth of Greenbelt are invited to participate. Registration will be August 16 after the Church Service and Monday, August 17. For additional information call Kay Ortel 474-8785 or Mary Ford 474-8343.

Seeks Director Of Mental Health Social Center

The Prince George's County Association for Mental Health is now interviewing to fill the position of Director of their new Mental Health Social Center which is to be opened in September. This will be a part time evening position involving major responsibility for a center designed to provide a community based source of social support for individuals discharged from neuro-psychiatric hospitals or referred from local psychiatric facilities. The Center which will initially be open one night a week will provide a useful social and recreational experience in a non-threatening setting.

The position of Director will be an 8-hour per week position with probable expansion to 12 hours within a few months time. Background experience in social work, recreation, psychology, group leadership and many other social service type activities will be considered relevant to this position.

For further information, call 262-1873.

LITTLE LEAGUE CHATTER

by "Dale" Parrish

The Cardinals, sponsored by the American Legion Post 136, are the newly crowned City Champions. The Cardinals beat out the Athletics, 2 games out of 3. Bobby Barton pitched the 2 winning games for the Cardinals, and topped off his pitching by hitting a home run in Monday's game. Scores were: Saturday: Cardinals 10, Athletics 0. Sunday: Athletics 3, Cardinals 2. Monday: Cardinals 8, Athletics 0. Scores from last week: Tigers 7, Cardinals 3; Cubs 4, Athletics 3; Jim Lemon 12; Giants 2; Cardinals 4, Lions 0; Tigers 9, Indians 1.

Congratulations to Bonnie Boykoff, 2-C Northway, who is one of the first enlistees in the new Army program to train its own nurse officers. (Over 800 applied, 500 qualified, and 135 accepted in the Walter Reed Army Institute of Nursing Program). Students will be enlisted in the Army from the time they begin their schooling, have all tuition paid and receive a stipend similar to the pay of a West Point Cadet. Bachelors degrees in nursing will be awarded by the University of Maryland and, after finishing the four years, students will be appointed second-lieutenants in the 63-year old Army Nurse Corps, oldest of all the military services for women. Bonnie, an A student, graduated from High Point in June.

Happy-happy birthday to Michael Garin, 54-B Crescent, who celebrated his tenth birthday on August 3.

Edward C. Kaighn, jr., with his wife, Luellen, and son, James Barton, is visiting his parents, Mr. and Mrs. Edward C. Kaighn, sr., 8-A Southway. Edward, who now re-

sides in Montreal, will be glad to see all his Greenbelt friends during his stay in Greenbelt.

Extra, Extra! The News Review office has added four sturdy chairs to its office thanks to Mr. and Mrs. Arthur Ward, 3-C Eastway. So, if the fear of collapsing chairs has kept all you aspiring reporters, copy readers, editors, etc. from coming down to 15-A Parkway on Tuesday nights, - relax, the danger has passed. And as an added bonus, we have a coffee pot!! P. S. We also need legal-size cabinets.

If you read last Sunday's Potomac magazine section of the Washington Post, you would have spotted a familiar face on page 13. Claude W. Benson, age 75, who resides at 6-F Ridge, was one of three World War I veterans interviewed by the Washington Post at Mt. Alto Hospital last month. Benson, in the article "Twas A Famous Victory", recalls his doughboy experiences with the 315th U.S. Cavalry, Troop 1. "Riding a horse wasn't hard. Heck, I grew up on a farm, but you ought to have seen those greenhorn recruits from Brooklyn." We are glad to report that Mr. Benson is back home again.

The McGee family, 7-D Hillside, is entertaining John's cousin, Rafael Lopez Palachin of Sevilla, Spain, who is here for a short visit.

WAC Major Dorothy L. McCarthy, Assistant Personnel Officer of the 2222 Maneuver Control Command, who lives at 6225 Springhill, was recently awarded a Letter of Commendation for her exceptional contribution to the Reserve unit in which she has served for more than 5 years.

Mrs. Rosalie S. Gordon, 4-F Gardenway, has graduated from the Famous Artists Schools of Westport, Connecticut. Mrs. Gordon specialized in fine arts painting during her three year course with the home study school.

Laura Simonson was awarded a purple ribbon (champion) for her "Super Dessert Souffle" at the 4-H District Demonstration Day on July 29 at Prince Frederick.

New Hours Announced For Driving Tests

Hyattsville

Location: Fire Department Building, Farragut Street.

Time: Monday, Wednesday, Thursday and Friday. 9:45 a.m. to 12 noon. 1 p.m. to 3:15 p.m.

Upper Marlboro

Location: Police Headquarters.

Time: Tuesday and Thursday. 9:30 a.m. to 12 noon. 1 p.m. to 3:30 p.m.

Housewives Art Exhibit

The current art show in the Twin Pines Saving and Loan Association office is the work of a small group of housewives known as the Thursday Night Art Club. The show will remain about three weeks.

Need Ham Radio Operator

An S. O. S. for an experienced ham radio operator with time on his hands is being sent out by Edgemoade School, treatment center for emotionally disturbed boys, located near Upper Marlboro.

Ten boys at the school have formed an "Electronics Club" and are learning Morse Code in order to be eligible to receive the FCC Ham Radio License. With an eye to installing a ham station at the school they have been gathering surplus military equipment and are now in need of an operator to teach electronic and radio construction.

Any resident wishing to help on this worthwhile project should call Dr. William Dinwiddie, Director of Edgemoade School, telephone: 372-8172.

Recovery Inc. Offers Self-Help For Mental Ills

The Greenbelt group of Recovery, Inc. has recently celebrated its second year of meetings in Greenbelt.

Recovery, Inc. is an organization of former mental and nervous patients, an after-care system of self-help. Its object is to help prevent relapses in mental patients and to forestall chronicity in psychoneurotic conditions. Since Recovery was founded, it has expanded to some 30 states and Canada, with over 460 groups active as of June 1, 1963.

The Recovery system of self-help stresses that it cannot help those who are not willing to help themselves.

The Greenbelt Group meets every Monday evening from 8:30 to 10:30 p.m. at the Jewish Community Center, Ridge Road and Westway.

City Statement On Zoning

(Following is the testimony of Greenbelt City Manager, James K. Giese, presented to the Maryland National-Capital Park and Planning Commission at its July 29 hearing on the 7 tracts of land north and northeast of DuVal High School.)

At a special meeting held on Monday, July 27, 1964 the Greenbelt City Council considered Zoning Map Amendment Petitions Nos. A-5599, A-5600, A-5601, A-5602, A-5603, A-5604 and A-5605. The City's interest in these applications, at first glance, may seem unjustified as the properties are located some distance from the City. However, this City has learned through experience that it cannot limit its interest in zoning decisions and planning actions to the confines of the City limits, for the development of property at distant locations does affect the development and character of the City. Recently, a property owner immediately adjacent to the City of Greenbelt justified a rezoning for high density development not on a change in character of surrounding properties — which had had no changes — but in changes in character as far away as the Prince Georges Plaza. His line of reasoning was accepted by the Circuit Court.

The City notes comments in the Technical Staff Report for these particular applications concerning the affect of the proposed rezoning on the intersection of Greenbelt-Glenn Dale Road with the Baltimore-Washington Parkway — which is within our City limits — on the Preliminary Master Plan for Planning Area 13N and on the Staff Study Plan for the Glenn Dale Road—Good Luck Road area. Greenbelt, too, recognizes that this zoning would affect our City and adjacent unincorporated areas.

At the special meeting, therefore, the Greenbelt City Council recommended the denial of these zoning applications both as requested by the owner and as recommended by the Technical Staff. The Council did so for the following reasons:

1. The character of the area is rural with some scattered single family development and single-family subdivision activity to the southwest.
2. "A Staff Study Plan for the Glenn Dale Road - Good Luck Road Area", by implication, would indicate that the entire area in the vicinity of DuVal High School is to remain in low density single-family zoning categories.
3. The General Plan proposes low density residential uses in the vicinity of the DuVal High School.
4. Once a lower use is granted it is likely to set off a chain of events leading to justification for other zoning requests.
5. The roads from the area lead to:
 - a. The Greenbelt Road-Glenn Dale Road, Baltimore-Washington Parkway, Capital Beltway Interchange complex which poses circulation problems, or
 - b. Passage through extensive single-family area, or
 - c. To Defense Highway, which has become a rather congested radial in past years and development along it seems to be making circulation conditions worse.
6. Higher density residential development in the vicinity of DuVal could spread all the way to Cipriano Road — thus potentially forming a solid belt of apartments along the south side of Glenn Dale Road from the Parkway to Lanham-Severn Road.
7. The zoning proposed would tend to negate the basic concept of the General Plan — the concept of cities along corridors in our suburbs.

These objections, which Greenbelt considers substantial, are derived directly from the Technical Staff Report for these zoning applications and in most instances the language used in voicing our objections has been taken directly from the Technical Staff Report.

In contrast the City finds the arguments supporting the rezoning used by the Technical Staff to be extremely weak. For ex-

ample, the industrial zoning is justified on the basis that:

1. There is a dot on the General Plan.
2. There was an inspection of the site in the field.
3. The applicant and his hired consultants recommend it.
4. There is some need for space for NASA related organizations near to Goddard.
5. Protective covenants will be placed on the property as a condition of rezoning.

The apartment zoning is justified on the basis that:

1. The granting of industrial zoning will change the character of the community property controlled by the same developer.
2. The concentration of apartments in that area will reduce the amount of street traffic.

Greenbelt cannot accept this reasoning. Before the members of the Prince Georges Planning Board should accept this reasoning, we recommend that you obtain and give consideration to answers to the following questions:

1. What were the reasons to justify placing a dot on the General Plan in the first place? This dot was not present on the Plan as originally proposed and for which public hearings were held.
2. What legal authority is there for forcing the developer to enter into protective covenants? Will these protective covenants stand up in court?
3. Will the rezoning to industrial of property next to the parcel proposed for I-1 zoning without covenants to NASA be detrimental to NASA and can the District Council logically and legally refuse to zone adjacent property industrial, if requested?
4. What consideration has been given to buffering the proposed industrial tract on the three sides of it which will not be zoned for apartments?
5. Does the Technical Staff have any studies to substantiate their argument that the employees of the industrial tract will live in the immediate neighborhood if apartment housing is provided thus reducing traffic congestion?
6. Can the proposed Research and Development Tract alone support the more than 1,900 families which will live in the apartment tracts?
7. On what basis can higher density development to the north, the east, the south and the west of the proposed properties be logically denied if this zoning is granted?
8. What assurance is there that the occupants of the industrial park will serve the needs of NASA?

The development of the vicinity of the Goddard Space Flight Center, from Greenbelt to Glenn Dale and the future of this important government installation will be affected by decisions made concerning these zoning applications. Greenbelt urges your careful consideration of all factors before making your decision. We are confident that upon the consideration of all factors the logical conclusion will be that the public interest and good planning will best be served by the denial of these applications.
